DEDICATION

On the second of February of this year, our beloved Chaplain, Father John P. Whelly, C.S.C., celebrated the twenty-fifth anniversary of his ordination to the Sacred Priesthood.

Five of these years have been spent in the service of Christ at St. Edward. During this time, Father Whelly has endeared himself to the Faculty, the Student Body, and the Community as a devoted and erudite teacher, a discerning and sympathetic counsellor, and, above all, a zealous pastor of souls.

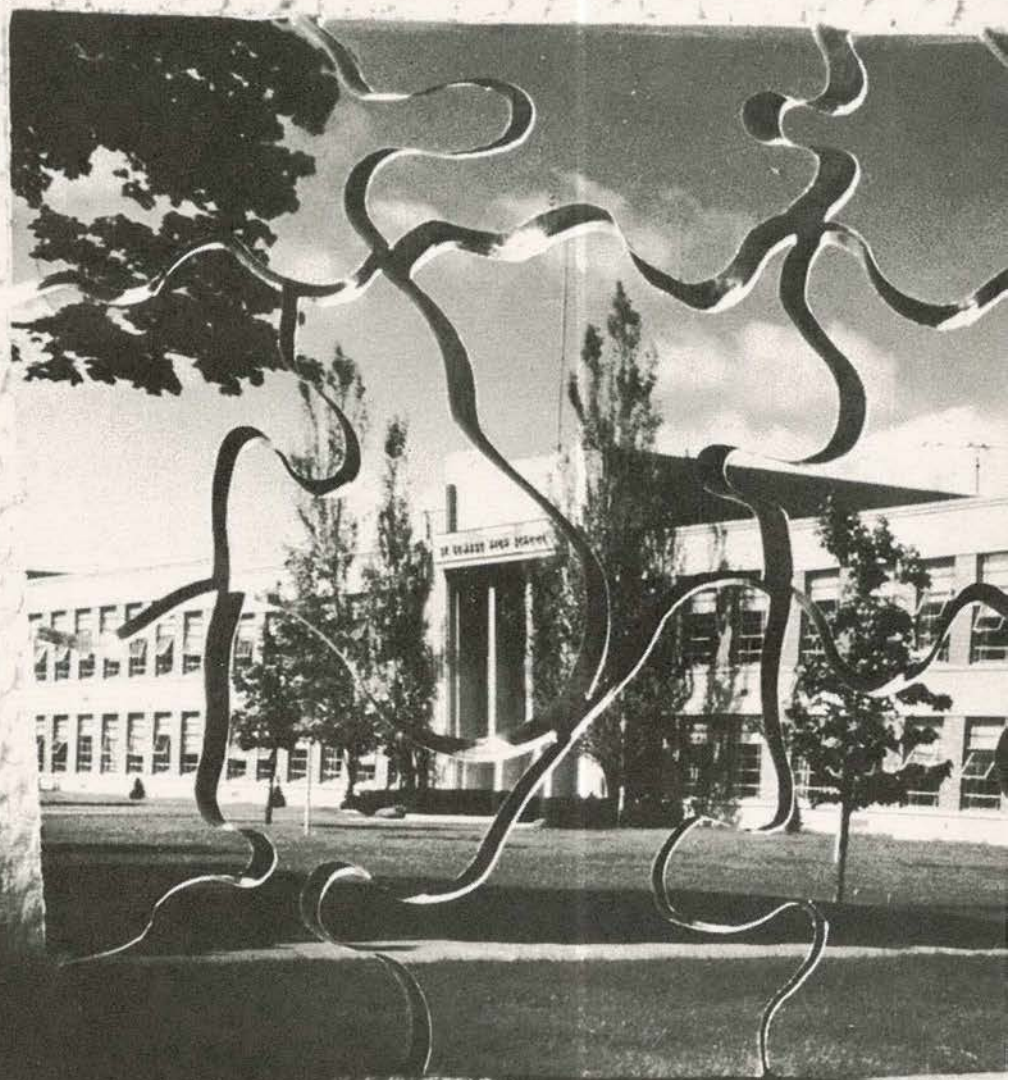

Before coming to St. Edward, Father had distinguished himself as a University Professor both in Canada and the United States. On the occasion of his Silver Jubilee, felicitations arriving from St. Joseph University in New Brunswick, Nazareth College, The University of Notre Dame, the University of Portland, and Princeton University bore eloquent testimony to the eminent position he occupies in the affections of his academic colleagues.

We wish to add our tribute to a quarter-century of unselfish service in the priestly apostolate. In a spirit of sincere esteem, therefore, we dedicate this EDWARDIAN to you, Father Whelly, in grateful acknowledgement of your ministry to the students and faculty of St. Edward.

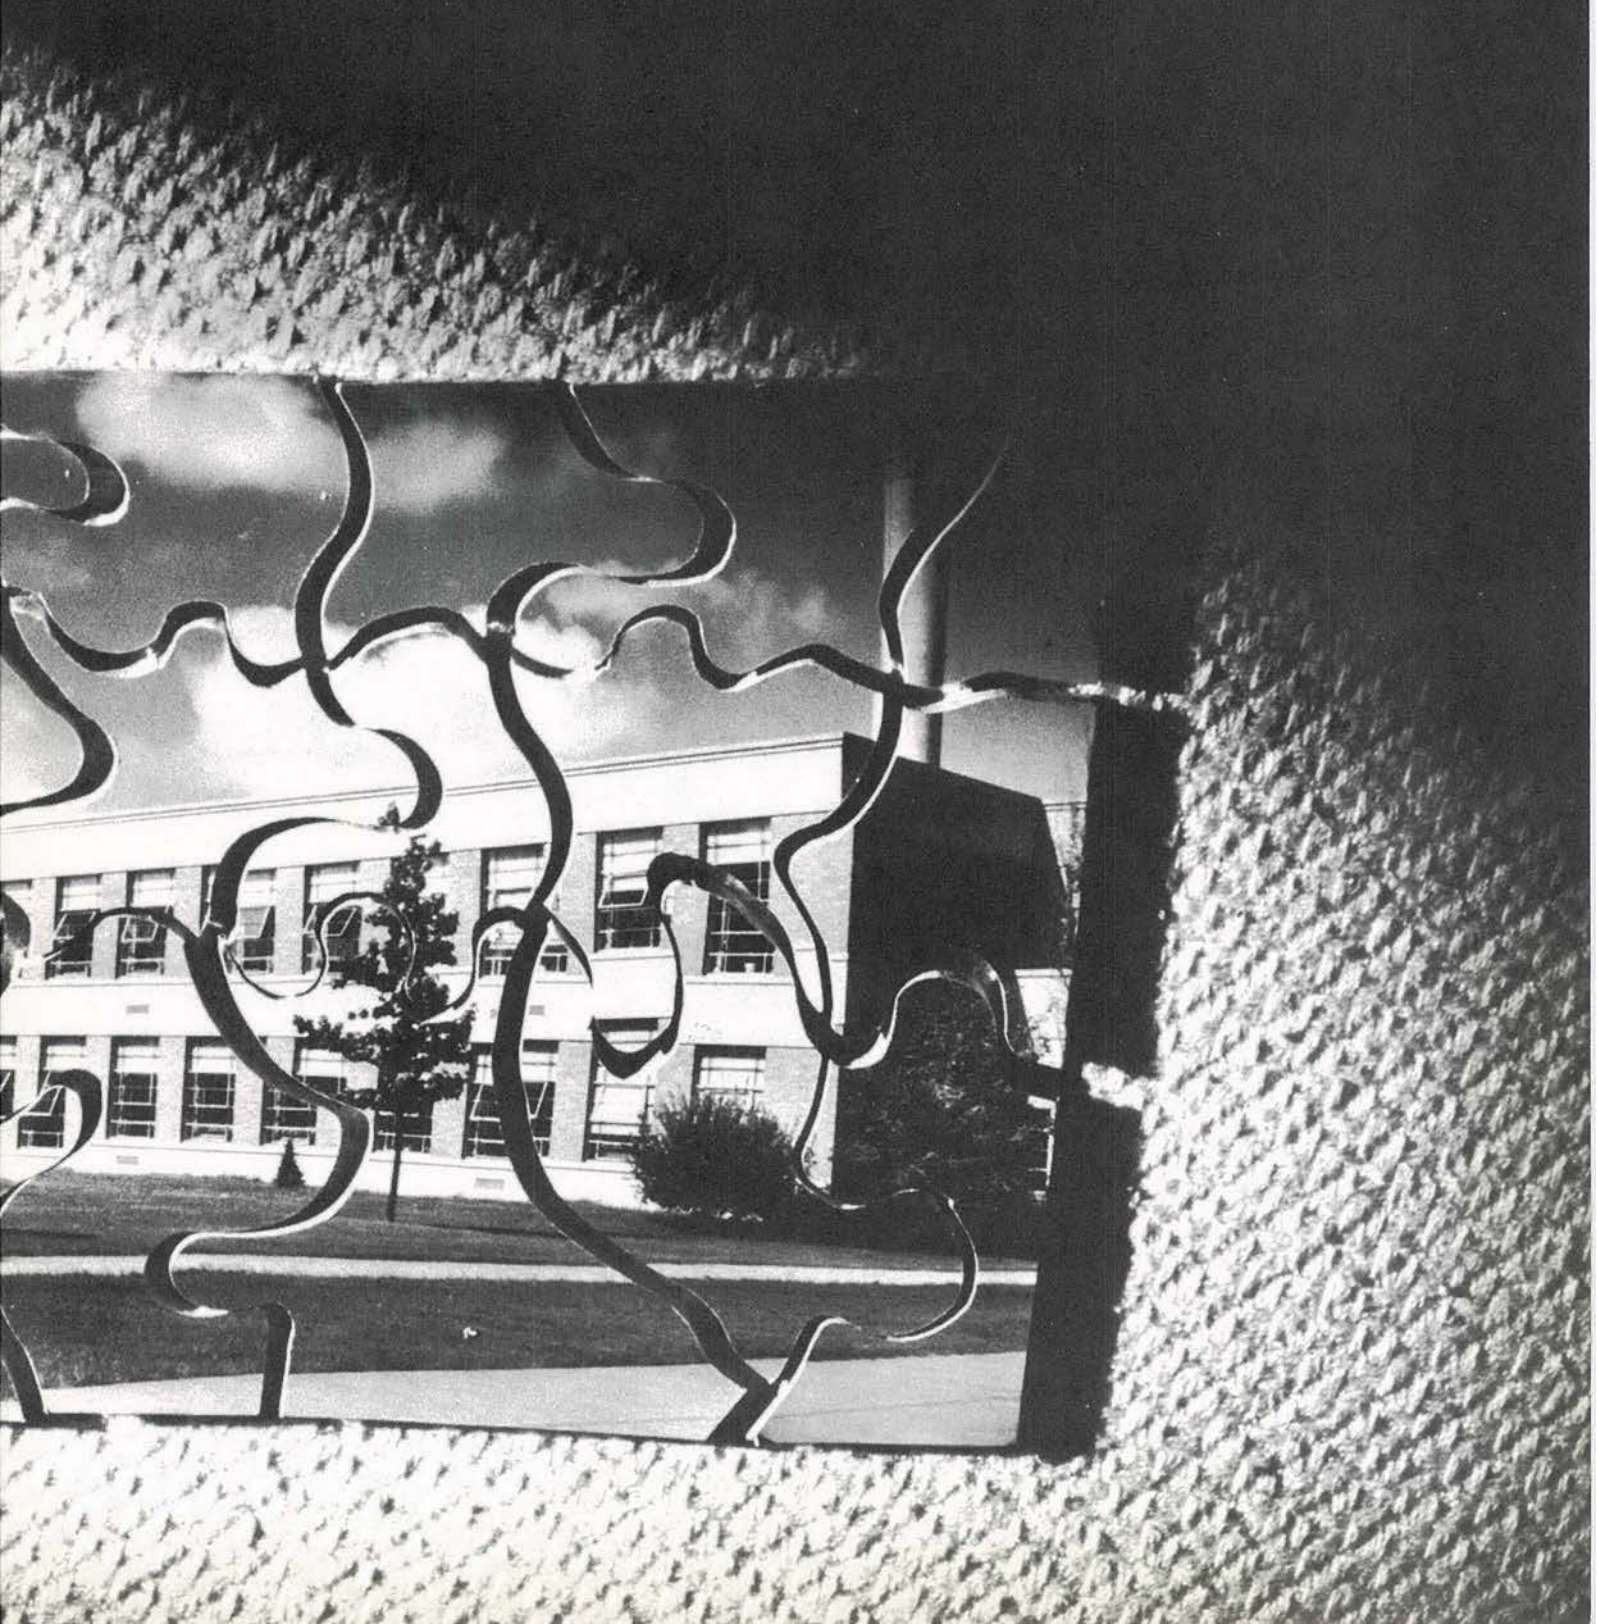

REVEREND JOHN P. WHELLY, C.S.C.

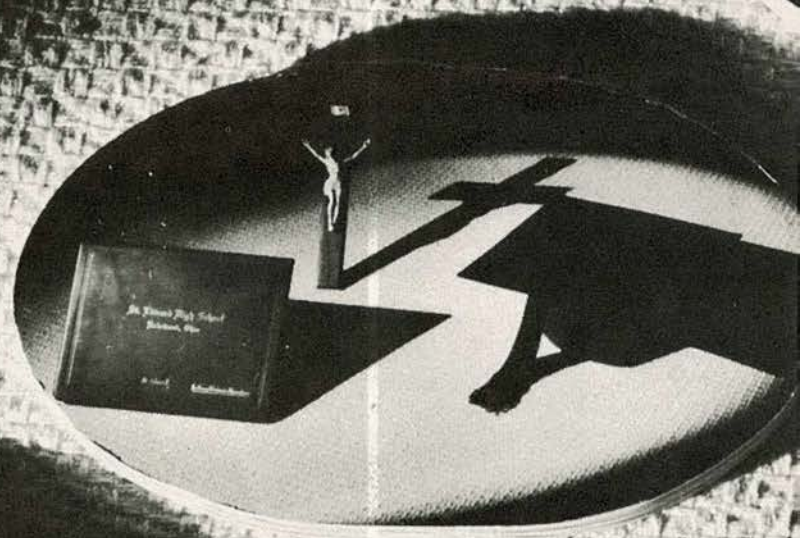

*Life at Saint Edward is a jigsaw puzzle, of whose structure we are all a part
... each affecting all the others by every action ... each drawing from the
whole the force and energy by which our powers are enlarged.*

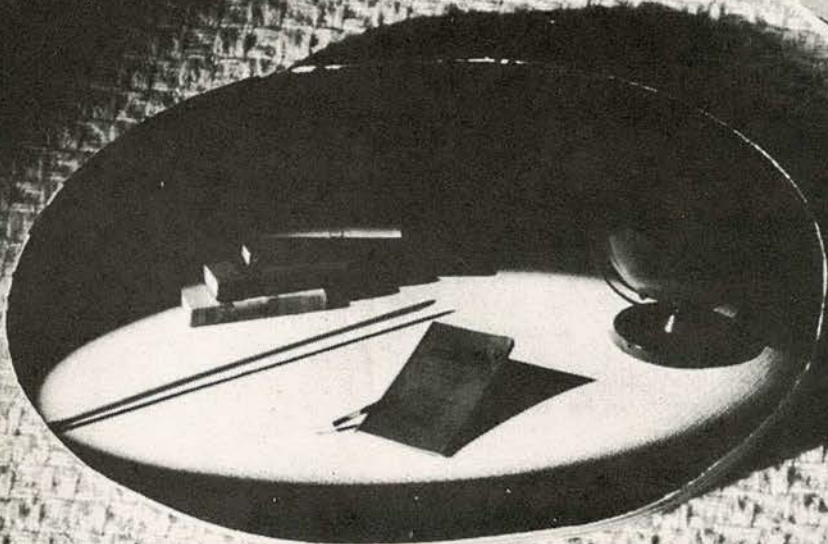

May this Edwardian serve as a remembrance of the role each played in completing this picture of high school life . . . May it recall all that was best in our resolves, our aspirations, our living faiths, and our determination to find the good.

Principal's Message

One of the difficulties confronting the young graduate is a nagging sense of uncertainty. He notes with sadness that he is leaving familiar surroundings in which he had learned to move with a certain confidence, born of knowing what to do under a variety of complex situations. He recalls his first days at St. Edward, remembering that he wondered then if he would ever find his way about through a maze of corridors and rooms, and if he could really come to the end of any day in the right room, the correct seat, and with the proper teacher.

Now with the end of high school days facing him, the young graduate reflects that it is all starting over again, that groping for an understandable pattern of things, the search for a sure-fire formula which will insure that all his efforts will be effective and successful. It is all too true, however, that uncertainty will dog his footsteps to the grave.

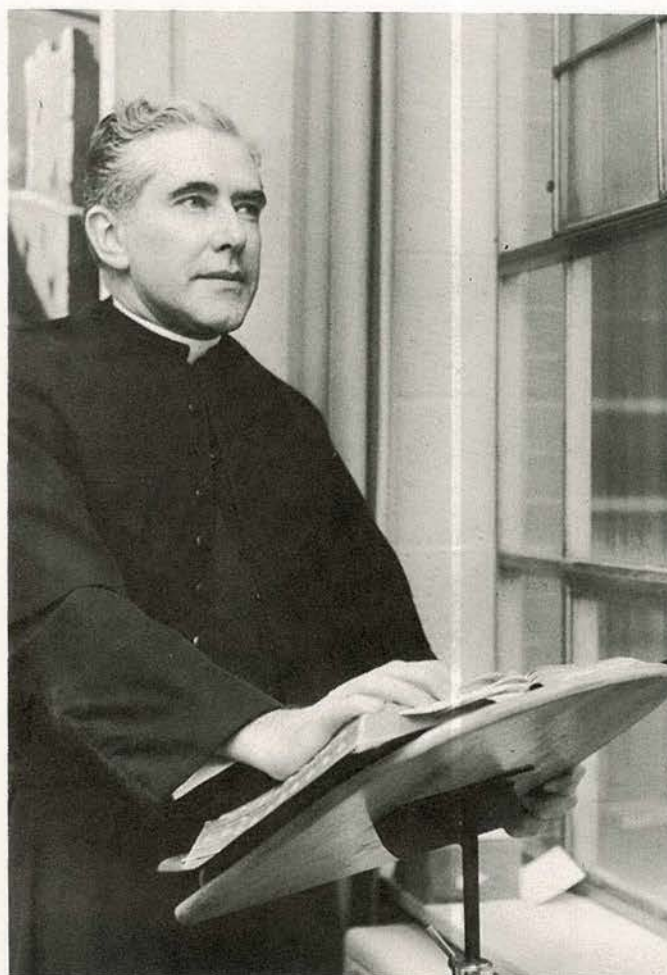

But at St. Edward the lesson taught was a balanced one: uncertainty is one side of the coin—certainty is the other. And the certainties? What are they? God's love for us, for one thing, and the manifold, magnificent evidence of it. No need to repeat here all the items in the loving collection. For four years the mystery of the Incarnate God has been presented to the graduate of 1960. Enough for him to reflect on the lessons he knows so well, to continue the practices of true religion, to seize and hold the hidden treasure.

Christ-like confidence will be the priceless possession of the 1960 Edsman, and the serene form of his character.

ACTIVITIES

National Honor Society

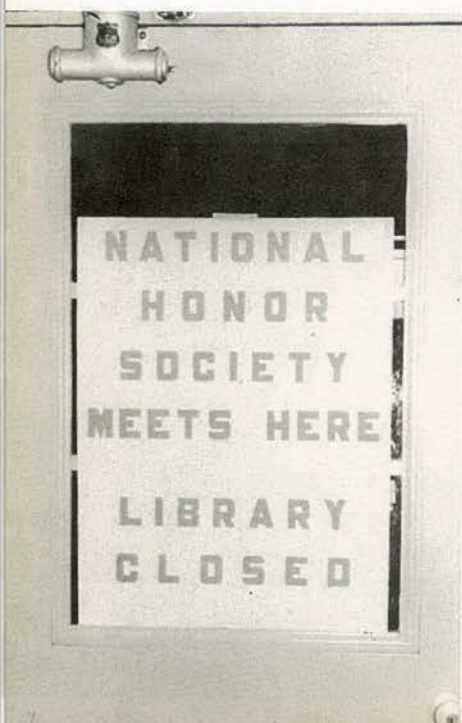

Michael Kelley, Recorder of the Activities Committee, reports on the business of the Society.

A familiar sight to Edsmen this year is the sign which appears on the library door every second Wednesday, announcing the bi-weekly meeting of the National Honor Society. This new organization has already exerted considerable influence on the academic and cultural life of the school.

Candidacy is restricted to those who have demonstrated qualities of leadership, scholarship, service, and character. It should be emphasized that membership is determined not only by outstanding scholastic achievements but also by generous contributions of time and service to school activities. It is these requirements that make the National Honor Society unique in its purpose and function.

In its first year of organization the society has undertaken a variety of projects. The Publicity Committee provides information concerning the school to civic groups and elementary school students. The Laboratory Assistants Committee supplies student tutors after school; the Student Government Committee is organizing important projects that will be inaugurated next year. The National Honor Society has chronicled an impressive history of accomplishments in its first years of operation and anticipates an ever-expanding record of achievements in the years to come.

With its offering of "Twelve Angry Men," the St. Edward Dramatic Club departed from the traditional proscenium-arch production to experiment successfully with theater-in-the-round. Audiences reacted enthusiastically to the new technique, which gave the spectators a feeling of participation in the action of the play itself.

Mr. Charles Sharp, directing his cast to genuinely professional performances, provided an evening of exciting entertainment. Brother Leo Geiger, C.S.C., supplied an unusual and effective setting.

St. Edward numbers among the few local schools that produce a literary magazine. Each year the outstanding compositions in essay, short story, poetry, and reviews are collected and published in *FLIGHT*.

Since the first issue appeared five years ago, the magazine has gained a wide audience, not only among Edsmen but also among parents, educators, and professional people. Reprints from the publication have appeared in periodicals of national circulation.

FLIGHT represents an important aspect of our curriculum, providing an outlet for the creative writer and experience in editorial work for its staff members.
